Dear Judge Kollar-Kotally,

I spend 4-6 hours a day on my computer, using it for Sales Support to sell commercial printing.

I am appalled that our legal system allows one company to monopolize an industry and squelch competition.

In my business I expect to win sometimes and lose sometimes. A fair & free market is what makes our society valuable and desirable to work in.

Please do the right thing & hold Microsoft accountable for their actions, and protect our work environment for the rest of us.

Thank you,

Bob Currie
